

The whole school community has helped to produce this policy so that children can learn and develop in the safest and securest way possible.

We believe in having a positive approach and will reward children for their achievements and good behaviour as much as possible.

We want all children to enjoy school and learn about their rights and how to promote the rights of others so that we can all help to make our school a happy, positive and learning place.

If anyone forgets to help others have their rights we will try to help them resolve problems and understand how issues can be dealt with in a positive way through discussion and compromise.

This behaviour policy forms part of our approach to help everyone in our school community to have high expectations of themselves and respect for others in the community.

At all times we will promote the following knowledge and attitudes from children and adults to make our school a happy place to be:

understand that they have rights and should respect the rights of others

have a positive attitude

be enthusiastic

be good workers and stay on task

be co-operative

be good listeners

be helpful and kind

be polite to everyone- adults and children

be happy

use initiative and think of good ideas

be caring and sharing towards everyone

sit still at the appropriate times

be supportive of each other

respect themselves and each other including visitors

look after our school and everything in it

say sorry if we upset anyone in or out of school and show

forgiveness when people upset us

Everyone in our school community is helped to develop awareness of acceptable behaviour through Class Charters and school rights respecting work.

We will encourage everyone by rewarding and praising good behaviour in the following ways:-

Smile at each other

Verbal praise for each other

Saying 'Please' and 'Thank you'

Give stickers and certificates

Give Gems (to add towards a whole school reward in KS2)

Write positive comments in children's books

Send messages home

Share successes with others in school

Special responsibilities

RRS Ambassador certificate and trophy

Everyone in our school community contributes to our Charters to promote respect for everyone. Our Charters are drafted and agreed in each class or the whole school through discussion. We try to help each other to understand how our behaviour affects other people and encourage everyone to support each other if we forget to respect the rights of other people.

We have decided that the following actions will be applied if we forget to support others to have their rights;

- Remind (verbal reminder)
- Review (chat with adult in class)
- Reflect (15 minutes during break-time to think about what has happened)
- Report (week of behaviour recording on Report Card)
- Restart (one or two sessions out of class with tasks to complete away from others)

At any time that children or adults are experiencing difficulties regarding this policy they may be asked to discuss it with parents/carers, Mrs. Binks or Mrs. Wilson (Chair of Governors). Children and adults may also ask to discuss the policy if they wish.

Wingate Primary School

Children's Rights Respecting Policy (Behaviour Policy)

2020- 2021

The following activities will be used to help us to work hard for our rights and support the rights of others if we need extra help :

- Home School Diary so we all work together- families, children and school
- An individual behaviour plan with targets which aim to help us to understand our rights and support others to have their rights.
- Work with outside agencies such as the Behaviour Support Service or the Education Psychology Service.

We will try our best to follow the aims below to help us to be happy in school:

We will all try to...

come to school to learn and try our best
always listen carefully to instructions and other people
always help and care for others
always walk sensibly and quietly around school
look after our school and everything in it
only bring to school what we need
keep our hands and feet to ourselves and respect each others' personal space

Our School Rights are written in the Hall next to the RRS Ambassadors Display. We often read them during assembly time when we need to remind ourselves of them and to help us to understand them and follow them.

There are rights displayed all around our school. See which ones you can find. There are also leaflets in the front entrance to help everyone find out more about the United Nations Convention on the rights of the Child. Every child in the world has rights, but all countries have not signed up to the Convention.

Wingate Primary School- a Rights Respecting School

All children have rights and we encourage our children to support the rights of others (UNCRC 1989). In our school we work together to promote the rights of everyone in our school, parish and global community.

In writing this policy we have paid particular reference to the following Articles from the UNCRC...

**All children have the right to a primary education (Article 28),
All children have the right to be listened to (Article 12)
All children have the right to be safe (Article 19)**

We strive to ensure that all behaviour in school from adults and children will demonstrate our approach to rights and being respectful to each other.

This policy has been produced by staff, pupils, parents/ carers and governors of our school and reflects our school mission statement and aims and should be read alongside the school policies concerning anti bullying strategies, child protection and equal opportunities.
