

15th December 2021

Dear Parents/Carers

Christmas Play

Many of you will know that the Christmas Play took place last week and was filmed by a professional film maker. The play was performed by children in Reception and singing was performed by children in all year groups. We expect the finished product to be with us by the end of this week (fingers crossed) and it will be put on to the school website and hopefully Facebook also as soon as possible. If you would like to order a copy of the play on DVD (£5) please sign the pro-forma below and send to school by Friday. We will get ordered copies to you as soon as we can – probably not before Christmas though. Once we have received your order you will have the option to pay on Parentpay.

COVID Precautions

Yet again, it seems that there is a lot of uncertainty about how the Government will direct us in the coming weeks. Last year, if you remember, decisions to lockdown were not taken until the very last minute and this causes problems in how we can deliver lessons to children. **I have no idea what the plans are for schools, but I feel it would be unwise to not take precautions and be as ready as we can be. Today we are preparing for the worst case scenario and your child will be bringing home all of their log in information to enable them to take part in lessons after Christmas should the need arise.**

All children should have their TEAMS log in, Bug Club log in, EDShed log in (Spelling and Maths work) and a copy of the learning grid for January. Also included in the pack is a pencil and a few sheets of paper to get them going. We can of course get copies for you if they get lost, but please try to keep them safe if possible. If anyone needs support with Ipads, laptops or internet access please contact school.

Hopefully, none of the above resources will be needed and we will all return to school as planned on Tuesday 4th January.

I will have the school mobile with me throughout the holidays if you need to contact me or if you are concerned about any COVID related issues. (07342 075 478). Please keep an eye on Facebook and the website where updated information will be posted should there be any.

Regards

Marie-Louise Binks
