

Year 5 Curriculum Overview

This overview has been written with consideration to our school commitment to the Rights of the Child and our achievement of becoming a Rights Respecting School and it complies with Article 28 of the UNCRC 'Every child has the right to an education' as well as Article 29 'Education must develop every child's personality, talents and abilities to the full'. Although direct reference to this is not continuously made, the policy has been written with full awareness of our responsibility and commitment to children's Rights.

The rights and dignity of our children are at the heart of everything we do, every decision we and they make and every driver for making progress and helping our children to develop as responsible, valued global citizens who want to make a positive contribution to their and our world.

In our school, it is our intent that we help children to develop resilience, perseverance, autonomy and focus. Our children learn that they are valued and valuable, they are independent people in their own right and they have the power to do wonderful, amazing things at every stage of every day.

Every one of our children is a unique individual with their own strengths, aptitudes, interests and dreams. As a school community, we will endeavour to support each child to make the most of every opportunity we offer.

We provide enriching experiences to engage learners and in designing and developing our curriculum we have taken into consideration

- how children learn and remember; progress means knowing more and remembering more
- what our children need to succeed in life; the cultural capital they need to make aspirational choices and succeed beyond their time at Wingate Primary School.

The key drivers for our curriculum are:

Ambition and aspiration

Resilience and courage

Autonomy and independence

Perseverance and solution finding

Year 5 Curriculum Intent:

In Year 5, we encourage learners to have confidence and skills to make decisions, self-evaluate, make connections and become lifelong learners. Our curriculum aims to provide a broad and balanced education for all students that inspires and challenges them to aspire to high achievement. We develop key skills such as teamwork; independence, resilience; responsibility; and communication through the use of The Gem Project and we encourage children to be tolerant, respectful and understanding. We aim to encourage children to respect their rights and the rights of others around them. We prepare children for statutory assessments and their next steps in their education.

Right of the Fortnight	<p>Article 1 – Everyone under the age of 18 has all the rights in the convention.</p> <p>Article 2 – The convention applies to every child without discrimination.</p> <p>Article 6 – Every child has the right to life.</p> <p>Article 13 – Every child must be free to express their thoughts and opinions.</p>	<p>Article 14 – Every child has the right to think and believe what they choose and also to practise their own religion.</p> <p>Article 15 – Every child has the right to meet with other children and to join groups and organisations.</p> <p>Article 16 – Every child has the right to privacy.</p>	<p>Article 24 – Every child has the right to the best possible health.</p> <p>Article 31 – Every child has the right to relax, play and take part in a wide range of cultural and artistic activities.</p> <p>Article 17 – Every child has the right to reliable information from a variety of sources, and governments should encourage the media to provide information that children can understand.</p>	<p>Article 7 – Every child has the right to be registered at birth, to have a name and nationality.</p> <p>Article 12 – Every child has the right to express their views, feelings and wishes in all matters affecting them.</p> <p>Article 28 – Every child has the right to an education. Primary education must be free and different forms of secondary education must be available to every child.</p>	<p>Article 3 – The best interests of the child must be a top priority in all decisions and actions that affect children.</p> <p>Article 42 – Governments must actively work to make sure children and adults know about the convention.</p> <p>Article 23 – A child with a disability has the right to live a full and decent life with dignity and, as far as possible, independence and to play an active part in the community.</p>	<p>Article 38 – Governments must not allow children under the age of 15 to take part in war or join the armed forces.</p> <p>Article 32 – Governments must protect children from economic exploitation and work that is dangerous or might harm their health, development or education.</p> <p>Article 4 – Governments must do all they can to make sure every child can enjoy their rights by creating and passing laws that promote and protect children’s rights.</p>
English	<p>Viking Boy (Books from other cultures and traditions)</p> <p>Extended narrative, Non - chronological report, Formal/Informal letter.</p> <p><i>Article 17 – Every child has the right to reliable information from the media</i></p>	<p>The Giant's Necklace Persuasive writing, non-chronological report writing, Newspaper report</p> <p>Poetry - <i>The Highwayman by Alfred Noyes</i> <i>Maggie and the Dinosaur by Dave Ward</i> <i>Me and my Brother by Michael Rosen</i></p> <p><i>Article 17 – Every child has the right to reliable</i></p>	<p>The Chocolate tree (linked to Mayans history - Myths, legends and traditional stories)</p> <p>The Sleeper and the Spindle Alternative narrative Play script</p>	<p>The Jamie Drake Equation – Alternative point of view in the style of the author</p> <p>Poetry – <i>Cinquains Birds of a Feather by Bernard Young</i> <i>School Trip by Tracey Blance</i> <i>Yo You by Angela Topping</i> <i>Tankas Silver Aeroplane by John Foster</i> <i>Red by Coral Rumble</i></p>	<p>The Boy at the Back of the Classroom (Narrative – Settings, character & atmosphere) Diary writing. Informal letter writing Narrative - settings, character & atmosphere.</p>	<p>Rhyming Poetry <i>Kicking up Leaves by Matt Simpson</i> <i>My Brother Bert by Ted Hughes</i> <i>Where do all the teachers go? By Peter Dixon</i> <i>Alien's Stole my Underpants by Brian Moses</i> <i>The Bonfire by Eleanor Farjeon</i></p> <p>King Kong – Job descriptions, letters, dialogue,</p>

		<i>information from the media</i>				missing scene 'in the style of...' Newspaper report <i>Article 17 – Every child has the right to reliable information from the media</i>
Maths	Number, Addition, Subtraction, Multiplication and Division	Statistics Measurement: Perimeter and Area	Number: Multiplication and Division. Fractions.	Number: Decimals and Percentages. Consolidation.	Consolidation. Number: Decimals. Geometry: Properties of Shape, Position and Direction.	Measurement: Converting Units. Volume.
Science	<p>Properties and changes of materials To compare and group together everyday materials on the basis of their properties, and response to magnets. To know that some materials will dissolve in liquid to form a solution, and describe how to recover a substance from a solution. To use knowledge of solids, liquids and gases to decide how mixtures might be separated. To be able to give reasons, based on evidence from comparative and fair tests, for the particular uses of everyday materials, including metals, wood and plastic. To demonstrate that dissolving, mixing and changes of state are reversible changes. To explain that some changes result in the formation of new materials, and that this kind of change is not usually reversible.</p>		<p>Forces and Gravity To explain that unsupported objects fall towards the Earth because of the force of gravity acting between the Earth and the falling object. To identify the effects of air resistance, water resistance and friction, that act between moving surfaces. To recognise that some mechanisms, including levers, pulleys and gears, allow a smaller force to have a greater effect.</p>	<p>Earth and Space To describe the movement of the Earth, and other planets, relative to the Sun. To describe the movement of the Moon relative to the Earth. To describe the Sun, Earth and Moon as approximately spherical bodies. To use the idea of the Earth's rotation to explain day and night and the apparent movement of the sun across the sky.</p>	<p>Living Things and habitats To describe the differences in the life cycles of a mammal, an amphibian, an insect and a bird. To describe the life process of reproduction in some plants and animals.</p>	<p>Animals inc. humans – To describe the changes as humans develop to old age. Scientific Enquiry Children led investigation – decided by the children's interests. To plan different types of scientific enquiries to answer questions, including recognising and controlling variables where necessary <i>Article 6 – Every child has the right to life.</i> <i>Article 24 – Every child has the right to the best possible health.</i></p>
RE <i>Article 14 – Every child has the right to think and believe what</i>	Why is Moses important to Jewish people? Why do Jewish people go to the synagogue?	Themes of Christmas	What Christians believe about God?	Why is the Last Supper so important to Christians?	How are Jewish beliefs expressed in the home? Why do people use rituals today?	

<i>they want and to practise their religion.</i>					
<p>History</p> <p><i>Article 17 – Every child has the right to reliable information from the media.</i></p>	<p>A study of an aspect or theme in British history that extends pupils' chronological knowledge beyond 1066.</p> <p>Were the Vikings really vicious? NC Ref: The Viking and Anglo saxon struggle for England to 1066 Focus: Chronology and key features, making a supported judgement, use of primary sources to test an interpretation.</p>		<p>A study of an aspect or theme in British history that extends pupils' chronological knowledge beyond 1066. To identify events that changed history. To begin to offer explanations about why people in the past acted as they did. Who was making history in faraway places in the year 1000? NC ref: non-European society that provides contrast to British history Focus: Chronology – developing terminology of periods, contemporaneous developments, key features of a contrasting society and its development, similarity and difference to Britain in c.1000, use of primary sources, identification of key points in historical interpretations. Suggestion: Mayans.</p>		<p>A local history study/Modern Britain - to show similarities and differences between different periods.</p> <p>School designed unit – e.g. historic environment enquiry NC ref: local history study Focus: Use of the historic local environment to further enquiry skills, develop chronological range and use of primary sources such as maps, census, buildings and photographs</p>
<p>Geography</p>		<p>What shapes my world? Processes and key features shaping places and human experiences Focus: weather, water, tectonics, biomes and climate zones</p> <p>NC: To describe and understand key aspects of: physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle.</p>		<p>Where could we go? Fantastic Journeys. Focus: key countries and features of the world. Regions, tropics, hemispheres, tropics, time zones Longitude/Latitude.</p> <p>To identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, Arctic and Antarctic Circle, the Prime/Greenwich</p>	<p>Human geography: To identify types of settlement Where has my food come from? Origins of key foods. Focus: trade links, natural resources, fieldwork, thematic maps, industry, farming, employment. Possible link to local fieldwork to conduct survey/ questionnaire and impact evaluation.</p>

		To locate the world's countries.		Meridian and time zones (including day and night).		To use fieldwork to observe, measure, record and present the human and physical features in the local area using a range of methods, including sketch maps, plans and graphs, and digital technologies.
<p>Art</p> <p><i>Article 31 – Every child has the right to relax, play and take part in a wide range of cultural and artistic activities.</i></p> <p><i>Article 29 – Education must develop every child's personality, talents and abilities to the full.</i></p>	<p>Sculpture</p> <p>To improve the mastery of art and design techniques including drawing, painting and sculpture with a range of materials (for example, pencil, charcoal, paint, clay).</p>		<p>Painting and drawing.</p> <p>Van Gogh Post Impressionism</p> <p>To know about great artists, architects and designers in history.</p> <p>To create sketch books to record observations and use them to review and revisit ideas.</p>		<p>Printing</p> <p>Monoprinting David Hockney and Tracey Emin.</p> <p>To create sketch books to record observations and use them to review and revisit ideas.</p>	
<p>D.T.</p> <p><i>Article 29 – Education must develop</i></p>		<p>Textiles</p> <p>To research and develop design criteria to inform the design of products.</p> <p>Children can create products using pattern pieces and demonstrate an awareness of seam allowance.</p>		<p>Mechanisms</p> <p>To research and develop design criteria to inform the design of products.</p> <p>Begin to develop an understanding that mechanical systems such as levers, linkages or</p>		<p>Food</p> <p>To research and develop design criteria to inform the design of products.</p> <p>Understand that seasons may affect the food available.</p>

<p><i>every child's personality, talents and abilities to the full.</i></p>		<p>Children are to use a blanket stitch. Use design criteria to evaluate a product-identifying both strengths, areas for development and evaluating whether the product if fit for purpose. Consider the views of others, included intender user, whilst evaluating their product. Suggest improvements that could be made, considering materials and methods that have been used.</p>		<p>pneumatic systems can create movement. Begin to incorporate levers and linkages into their products. Use design criteria to evaluate a product-identifying both strengths, areas for development and evaluating whether the product if fit for purpose. Consider the views of others, included intender user, whilst evaluating their product. Suggest improvements that could be made, considering materials and methods that have been used.</p>		<p>Understand how food is processed into ingredients that can be eaten or used in cooking. Gain confidence in the skills of peeling, chopping, slicing, grating, mixing, kneading and baking. Use design criteria to evaluate a product-identifying both strengths, areas for development and evaluating whether the product if fit for purpose. Consider the views of others, included intender user, whilst evaluating their product. Suggest improvements that could be made, considering materials and methods that have been used.</p>
<p>Computing</p> <p><i>Article 19: Every child has the right to be protected from being hurt or mistreated in body or mind.</i></p> <p><i>Article 17 – Every child</i></p>	<p>Scratch, Microsoft Powerpoint, Website Review To design, write and debug programs that accomplish specific goals; including controlling or simulating physical systems and solving problems by decomposing them into smaller parts. 	<p>dimension of music. To use and understand staff and other musical notations. To develop an understanding of the history of music Livin' on a Prayer (unit on Charanga)</p>					Dancing in the Street (unit on Charanga)
<p>Languages</p> <p><i>Article 30 – Every child has the right to learn language, customs and religions.</i></p>	<p>Italian To consolidate the learning of the Italian language from Y3/4 and to use this knowledge as a building block to explore the language at greater depth.</p>	<p>Italian To consolidate the learning of the Italian language from Y3/4 and to use this knowledge as a building block to explore the language at greater depth.</p>	<p>Mandarin To further explore a non-European language which uses unfamiliar sounds and characters as opposed to the Roman alphabet and to explore an Asian culture through its flag and colour choices. To learn simple phrases to be able to ask and answer basic questions. To learn basic 'survival' phrases.</p>	<p>Italian To consolidate the learning of the Italian language from Y3/4 and to use this knowledge as a building block to explore the language at greater depth.</p>	<p>Italian To consolidate the learning of nouns and adjective agreement.</p>	<p>Italian To learn vocabulary to describe physical appearance and character.</p>
<p>PSHE/RSE</p> <p><i>Article 13 (freedom of expression) Every child must be free to express their thoughts and opinions and to access all kinds of information, as long as it is within the law.</i></p>	<p>'Being Me In My Own World' Learn about being a citizen of their country. Understanding their rights and responsibilities and how my actions can affect others. <i>Article 6 – Every child has the right to life (develop to their full potential)</i></p>	<p>'Celebrating Difference' Learn about different cultures, racism, rumours and types of bullying. <i>Article 29 – Education must develop every child's personality, talents and abilities to the full</i></p>	<p>'Dreams and Goals' Think about dream lifestyles when they grow up and investigate different jobs/careers. <i>Article 6 – Every child has the right to life (develop to their full potential)</i></p>	<p>'Healthy Me' Learning about the risks of smoking and alcohol. Identifying how social media can impact on body image. <i>Article 6 – Every child has</i></p>	<p>'Relationships' Understanding your rights and responsibilities in an online community. Being able to explain how to use technology safely. <i>Article 29 – Education must develop every child's personality, talents and abilities to the full</i></p>	<p>'Changing Me' To be aware of their own self-image and learn ways to develop self-esteem. <i>Article 29 – Education must develop every child's personality, talents and abilities to the full (encouraging respect for others)</i></p>

		<i>(encouraging respect for others)</i>		<i>the right to life. Article 24 – Every child has the right to the best possible health.</i>	<i>(encouraging respect for others)</i>	
Cultural Capital	<ul style="list-style-type: none"> • Opportunities to taste and cook foods from a range of countries and cultures • Communicating with children and adults in and from other countries • International Schools Award Projects • Durham University • Children's University • Samba beats drumming and percussion • Historical visits real/virtual • STEM days and activities • Author visits- real/virtual • 'Visit' a farm and carry out fieldwork regarding food production and distribution • Meet, learn and perform alongside children from other schools • Perform in front of an audience • Visit places of worship- real/virtual • Opportunities to learn about equality and diversity 					

Potential Enrichment Opportunities

Autumn Term

- Sarah McCallister to come in and work with children and explain nutrition choices and allergen importance – link to Vikings.
- Author visit – virtual or read
- Durham 4Schools - Viking Workshop
- Science Week - Captain chemistry – Properties of materials

Spring Term

- Enrichment science – trip to planetarium

Summer Term

- Festival Day - Singing of Festival songs in preparation for performance at Festival Day.
- Enrichment opportunity geography – Virtual tour of farm
- Durham 4Schools – Local Study Workshop
